Hi Ellen,

Any updates on the logo? We have a contractor waiting to hear back about what logo to put onto the Big Belly Trash cans.

Hope to hear from you soon.

Hi Ellen,

Appreciate it, please send us the logo as soon as available.

Thanks for also providing an update about the benches. We will standby for further updates from the BID.
If there are any questions, please feel free to contact me.

Thanks,
-George

The trash receptacles are acceptable as shown. Black is preferred. However, we would like to discuss the benches with committee members and a few stakeholders to elicit feedback. We promise not to take too long in responding.

Thank you again for assisting Little Tokyo.

Ellen Endo
Co-Chair
Little Tokyo BID

That's wonderful! We recommend the proposed trash receptacle in the attached drawings and photos. Could we go ahead and ask the contractor to order them in black color?

Lastly, any thoughts about the benches too? Attached is a photo of the bench for reference. We would prefer to install them at locations acceptable to the community.

Thanks!
-George

Absolutely amenable. We have a contract with LA Conservation Corps who occasionally remind us they are willing to do more pickups.

Thanks!

Ellen

Hi Ellen,

We also have the opportunity to procure and install an additional 10 trash receptacles and 10 benches as part of this ATP project. Would the Little Tokyo Bid be amenable to provide trash pickup and maintenance services for these new receptacles and benches?

If yes, does the BID have some particular trash receptacle and bench selection types in mind? Attached is a sample of both items which we used on similar projects. We are open to suggestions on the placement locations as well.

If you know of any other property owner or organization which would be interested, please share their contact info and we can reach out to them.

Thank you,

George (Chen-Min) Huang, P.E.
